1. Demand of five rupees for conducting the post-mortem Exam^{n} in question, and refusal to Conduct it, as money was not paid.

2. Refusal to receive the dead body, even on the written requisition of the Rly Sub-Inspector to Conduct the Post-mortem.

3. Refusal to receive the dead body, on the 14-7-13, even on the written requisition of the Doddaballapur Taluk Police Inspector (a Hyder official), alleging that it was too late to Conduct the Exam^{n}. i.e 10 P.m.

4. Neglect to attend promptly to the Exam^{n}, on the next day i.e 15-7-13.

5. Demand of arrack, jar, and long-cloth.

while denying this charge, the S. A. S has however stated that he mentioned he would prefer a claim for fees, if Railway medical work could be treated as private.

2. The refusal to receive the Corpse on the written requisition of the Ry Police Inspector is admitted on all hands. The Dispensary

officials state that the S. A. S. told the Ry Constable that he was not aware any authority for the Consul, and had to obtain orders in the matter. The S. A. S. has however stated that he wanted the constable to wait overnight, and that he did not refuse to examine This is inconsistent with the Statements of his Subordinates, nor is there any necessity for the Ry Police to get the Yadi from the Taluk Police. The S. A. S. appears to be liable in this Court.

Though he says he received the yadi after the Ry Inspector on the 14th, and though his letter to the D. Hr. H. S. 6 Bangalore is dated 14th, the postal mark on the cover is "Doddaballapura, 15th July, 3 P. M." The former

P. Inspector's yadi on the night of 14-7-13. This was clearly opposed to Standing orders, as an officer is supposed to be always on duty, in Cases of emergency. The explanation of the S.A.S. is not satisfactory, as nothing prevented him from taking the yadi, and examining the dead body the next day.

The Dsn. & S.G has reported the Senior Surgeon in similar terms.

4. The post mortem Certificate shows that the body was received at 9.30 A.m. of 15-7-13 & examined at 3 P.M. of the same day. But for the Conduct of the S.A.S on the last-mentioned two points, the exam^n could have been Conducted in the morning.

5. The explanation of the S.A.S. under this head is not at all satisfactory. The animus displayed against the Rly Head Constable is too apparent. The amou is properly debitable to Dispensary Contingencies

6. In view of the explanation of the S.A.S, which is Corroborated by the P.M. Certificate the omission to stitch the abdomen may not be taken serious notice of.

15. The Senior Surgeon reports that he has taken necessary action to prevent the recurrence of such mistakes in future.

16. The post-mortem charges of Rs 5-13-6 may be recovered from the S. A. S., and the cremation charges of Rs 3-2-6 are properly to be borne by the Rly Police, unless Govt. deem it expedient to levy it from the S. A. S. as a punishment.

Dated Bangalore, 29th July *1913.*

Sir,

I am directed to forward herewith, for favour of such action as may be deemed necessary, a copy of a -- letter No. 445, dated the 19th July 1913, from the District Superintendent of Police, Civil and Military Station of Bangalore, bringing to notice the conduct of the Sub Assistant Surgeon in charge of the Local Fund Dispensary at Dodballapur in refusing to hold a post mortem examination in a case of a fatal accident on the railway.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident.

Encl. to Genl File 36-1381 (2

Letter No. 45, dated the 19th July 1913, from the District Superintendent of Police, Civil and Military Station, Bangalore, to the First Assistant to the Resident in Mysore, through the District Magistrate, C.& M.Station, Bangalore.

I have the honour to bring to your notice the neglect of duty on the part of the Sub Assistant Surgeon in charge of the Local Fund Dispensary at Dodballapur, and to request that you will be good enough to report the same to the Durbar for such action as you deem fit to recommend.

2. On the night of the 17th instant, a man was found run over at mile 144/5 between Dodballapur and Maklidrug. On intimation received, my Sub Inspector and Head Constable proceeded to the spot and there saw a body of a man terribly mangled.

3. After taking preliminary steps with a view to ascertain the actual cause of death, the body was sent for post-mortem examination to the nearest Hospital at Dodballapur, which is in charge of a Sub Assistant Surgeon. He refused to receive it except on payment of a fee of Rs. 5 on the plea that he had nothing to do with an accident within Railway limits.

4. The Head Constable and the Police Constable who accompanied the body to the hospital had thereupon to return to the Dodballapur Railway Station, and on their reporting the matter to the Sub-Inspector, he wrote to the Sub Assistant Surgeon that his claim for fees might be hereafter preferred through the proper channel and that in the meantime the examination might be conducted and a -- certificate as to the cause of death furnished. This requisition, the Sub Assistant Surgeon refused to receive, and told the Head Constable to remove the corpse away. Thereupon the aid of the -- Taluq police was sought for and a letter was obtained from the Taluq Inspector and was produced, together with the body before the Sub Assistant Surgeon; again he refused to receive the body on the ground that it was late (10 P.M.) and told the Head Constable to wait till morning.

5. The body was next deposited by the Police in the dead house and there they kept watch over it. The next morning when the Head

Constable went to the Sub Assistant Surgeon he refused to attend to him till about 1 p.m. when he demanded 2 bottles(subsequently increased to 4 bottles) of arrack, a jar and two yards of long cloth.

4 bottles of arrack	5	0	0
4 empty bottles	0	4	0
1 pot	0	0	6
2 yards of longcloth	0	9	0
3 gunny bags & bamboos	1	2	6
Burial charges	2	0	0
	9	0	0

4. As he had no money with him, the Head constable had to go to the Taluk -- Inspector for it, and with the advance obtained from him, he supplied the articles required by the Sub Assistant Surgeon.

6. The postmortem examination was then conducted and after it was completed, the Sub Assistant Surgeon handed over the body to the police without stitching up the openings which were made during postmortem with the result that all the internal organs were exposed. In this state the body had to be packed up by the police in three gunny bags for burial. 5.

7. In the Hon'ble the Resident's Notification No. 5393, dated 15th December 1897, it is laid down that postmortem examination of bodies found in the Railway line should be attended to by the nearest hospital in the Mysore territory, and based on this Notification the Mysore Durbar also issued similar orders for the guidance of its subordinates in its Proceedings No. 7590-99-J-868, dated 5th January 1898. Under the same Notification, it has also been held that no fee is payable to the Mysore Medical officers for holding postmortem examination of bodies sent to them from the Railway -- limits: vide your letter No. 7207, dated 6th December 1912, to the address of the District Magistrate of the Civil and Military -- Station.

8. The conduct of the Sub Assistant Surgeon has been all through in defiance of the Durbar orders and his demand for arrack from my Head Constable is wrong. If such things are necessary for the -- postmortem, the hospital should supply and the cost adjusted later, if necessary.

9. I therefore suggest that the Rs. 9/- borrowed from the Taluk Police Inspector may be recovered from the Sub Assistant Surgeon.

tter No. 194/Mis. from the Superintendent of Police, Bangalore District, to the District Medical Officer, Bangalore, forwarding Doddaballapur Police Inspector's report.

o Assistant Surgeon's letter to the District Medical Officer, Bangalore, in reply to the latter's Memo No. 165 dated 28-7-1913.

5. The only extenuating circumstances in the case, should they be deemed to be extenuating at all, are-

(1) The Sub Assistant Surgeon was unaware of the existence of Government Order No. 7590-99 J 868 dated 5th January 1898.

(2) On the dates in question, viz,- 14th & 15th July 1913 and for a couple of days or so previous to these, the Sub Assistant Surgeon was greatly worried in mind and was almost beside himself owing to the serious illness of a child of his. This fact has been borne out by the Amildar Mr. Mahomed Sheriff - Mr. Kongadiappah the Head Master of the A.V. School and a respectable Komati merchant of the place.

(3) The mangled and mutilated condition in which the remains were received for post mortem examination perhaps led to the belief on the part of the Sub Assistant Surgeon that no special stitching of the abdomen was necessary while handing over the remains to the charge of the Police for burial.

6. I am of opinion that the Sub Assistant Surgeon has undoubtedly been wrong throughout his procedure in the case and that a punishment in the form of a severe reprimand and deprivation of independent charge of a dispensary for the space of two years or so may perhaps meet the circumstances of the case.

7. The necessary circular to all the Sub Assistant Surgeons in view to prevent occurrences of the kind in future, has been issued this day and a copy of the same will duly be submitted to the Government.

8. The sum of rupees nine borrowed from the Taluk Police Inspector will be recovered from the Sub Assistant Surgeon.

About 5 P.M. on afternoon on a
certain day - the exact day I do not
know - the D. A. S. asked me to, into
a room in the Dead House being
under the Key - I did as I was
ordered -

Next day I came to the Hospital
as usual in the morning & was
sitting in my room.
Surgeon Cooty Kanji came from
the Doctors room & informed me
that a dead body was kept in the
Dead house - I said I locked
the room yesterday Evening
how could it be - I went inside to
& see myself - he went also

Statement of Sub Assistant Surgeon Dodda Ballapoor. (B.S. Ramaswamy Pillai)

On the evening of the 14th July 1913 a Requisition from the Railway Police was brought to me by the Railway Head Constable with a body Run over by the train near Hatkidroog Railway Station. The time was past 6 h.m. i.e after Sun Set. The Railway Head Constable was strongly smelling of alcohol & insisted upon me to receive the body & Relieve them from watching or guarding it for the night as they were starving for the last 2days to perform the Post Mortem Examination during the night.

I told them that according to the Rules of Post Mortem Examination I could not take to post-mortem examination till the day breaks & I could not under any Circumstance Relieve

23)
relieve the Police from guarding the body until the examination is over even though they were starving. I also suggested that they could take the aid of the local police to relieve them from guarding. The Head Constable of the Railway
2 said that since he could not arrange for the guarding of the body to night he said he was taking the body to the Bowring Hospital Bangalore.

I did not insist upon the payment of Rs5- (Rupees) both before & after the examination, but since it was a part of the work of the Railway Medical Department & since a fee of Rs.5 was said by the Sub Assistant Surgeon of Goribidnoor to have been billed for by him on a similar occasion through his District Medical & Sanitary Officer, I mentioned to him that I was going to move the District Medical & Sanitary Officer & the Senior Surgeon to obtain in my case also the same fee if the Railway work was treated as private, since Circular orders on the file of the dispensary did not authorise me to interfere with the Railway work.

If the Head Constable was true in his statement that a fee of Rs 5 was insisted upon, he could have paid it & obtained a receipt to prove his statement.

Question by the Senior Surgeon. M.G.

Since you say that the body was received at 6 p.m did you ask the Railway Police to keep the body in the Post Mortem Room, so that it may be examined the next morning

I told them that they could use the Post Mortem Room for keeping the body but placing it it did not mean the relief of them from guarding it for the night, as I had no establishment & as I was not bound to be responsible for the safe custody of the body. Since they were starving for the past 2 days & since there were no other Railway Police Constables to relieve them from guarding it, they preferred taking the body

body to the Bowring Hospital by the 8 p.m. train & they also said that they had wired to the Railway Apothecary who was expected to arrive by 7.30 p.m. from Wadhiam where they said, they had left instructions & they would take the body & get it disposed of by the Railway Apothecary at the station. Under these circumstances I could not compel them to leave the body in the Post Mortem Room & allow them to go away for the night

To further questions. I state as under.

I did not refuse taking the Requisition from the Railway Sub Inspector. But on the other hand the same Requisition was duly taken & submitted to the Dist. Med. & San. Offr. with No 7 dated 14.7.1913 (as far as I remember the No)

The same night the Taluq-Police Inspector of Dodda Ballapoor sent me a Yadi at about 11 p.m. to hold the P.M. Examination over the night & release the Railway Police as soon as possible. Since no P.M. Examination is held during the night I sent back the Yadi alone stating that I would hold the P.M. Examination the next day (at the earliest) as per Rules of the P.M. Exam

I did not demand any liquor or the other things from the Head Constable for submitting the internal organs to the Chemical Examiner, as I had my own Contingent money. Since the man volunteered to supply the arrack & the fish & the 2 yards of long cloth, (probably with some motive to satisfy his thirst), I allowed it & gave him a receipt for the same

No 6. With Reference to the Condition in which the body was Returned after the P. M. Examination, I most respectfully beg to state that the body is admitted to be "terribly mangled" On a Reference to the P. M. Report of the same body it can be found that Several parts of the body were missing Such as the Skin of the head & face, the bones of the Skull, the Skin of the neck & contents of the neck. Right upper extremity missing from the middle of the right upper arm, the right hand was found in a different piece as far as the wrist, the Skin, muscle, bone etc of the left shoulder joint were missing with the exception of a piece of the Skin at the back, both the lower extremities Completely Separated at the

VII) 27

Knee joints & the right thigh bones was Crushed Several places. With Regard to the trunk, the ribs of the Chest including the skin & muscle had gone & missing & the sternum had also gone & missing, leaving the internal organs such as the Lungs, Heart, Large Vessels etc all exposed when they were brought by the Police tied up in a bundle with a black Cumbly, so that the required internal organs were Removed from the abdomen & Stitches were duly put in wherever there was flap ce to the abdomen only Since the body was found in different pieces minus Several necessary things such as the skin, muscle, fascia etc over the head, Chest, left shoulder, right upper extremity which was brought in two or three pieces; both lower extremities severed into four or five pieces, all tied up in a black Cumbly in the form of a bundle I beg to submit that, with all respects to decency,

one could not have acted better & put stitches where flaps
were wanting & made stumps of the extremities as after
amputations etc.

Further I beg to add that neither the Head Constable was present nor the R.n Constable
near the dead room after 10 p.m. the same night & though the body was left inside it after breaking open the door
brought the Requisition for the P.M. Examination without
the necessary Police Inquest Report. This on the next
day i.e on the 15th July 1913 at about 11 a.m. that I wrote for it
& got it as can be seen by the letter forwarding the
Inquest Report which have been submitted to the Dist.
Med. & San.l Offrs along with the P.M. Reports.

With regard to keeping 3 gunny bags & bamboos & pay
ment of Burial charges, I beg to state that since the body
was brought all in different pieces tied up with a Cumbly alone,
there was no necessity for keeping 3 bags after 6 p.m.
in the night, when the same Cumbly was there in which
the body was returned tied up in a similar bundle
like the one they brought.

I beg to add that the chief reason why the Railway Police
has preferred this Complaint against me seems to me that

Knee joints & the right thigh bones was Crushed in
Several places. With Regard to the trunk the ribs of the
Chest including the skin & muscle had gone & missing
& the sternum had also gone & missing, leaving
the internal organs such as the Lungs, Heart,
Large Vessels etc all exposed when they were
brought by the Police tied up in a bundle with
a black Cumbly, so that the required internal
organs were Removed from the abdomen & Stitches
were duly put in wherever there was flap ce
to the abdomen only. Since the body was found

all tied up in a black Cumbly in the form of a bundle,
I beg to submit that, with all respects to decency,

one could not have acted better & put stitches where flaps were wanting & made stumps of the extremities as after amputations etc.

Further I beg to add that neither the Head Constable was present nor the R.M. Constable near the dead room after 10 p.m. the same night & though the body was left inside it after breaking the padlock & brought the Requisition for the P.M. Examination without the necessary Police Inquest Report. This on the next day i.e on the 15th July 1913 at about 11 a.m. that I wrote for it & got it as can be seen by the letter forwarding the Inquest Report which have been submitted to the Dist. I beg to add that the chief reason why the Railway Police has preferred this Complaint against me seems to me that

~~24~~

Because I complained to the Taluq Magistrate of Dodda Ballapoor the very same day i e on the 6th July that the Police of the Railway had broken open the lock of the Dead-Room, placed the body in it & left it without guarding during the night. The next morning the lock was found in front of the room & the Railway Police Constable stepping near the Dead room from the Railway side. There are witnesses to prove this Statement.

Sir.

I have the honor to report that a body found on the line of the Ry, at Malledroog was forwarded for P.M. Examination with the requisition of the Ry, Inspector Mr. Wall at 6 P.M. on 14-7-1913

As rules regarding performing P.M. Examination by the Mysore Govt. Medical officers on bodies found within the Ry. premises are not plain & I took the requisition only & submitted it to the Dist.

Dist Medical & Sanitary Dept
offices, Bangalore for orders & asks
the Ry: Police Head Constable
Abdul Gani & Police Constable
No. D/157 Krishnaswamiah are on
duty to keep the body under their custody
as it was 6 P.M. when they gave
the requisition During the night-
Ry: Police Constable No. D/157 Krishnaswamy
- Naidoo seems to have broken
open the lock of the Dead Room of
the Hospt & placed the
body inside.

The broken lock was
locked up with a piece of stone
near the room this morning
and the above named Police
man denies having broken
the lock of the room.

The Conduct of the
Ry: Police man may be taken
Notice of as per Rule
